

ATTORNEYS AT LAW

ROBERT C. MATTSON

To whom it may concern,

I am a partner in the law firm of Oblon, Spivak, McClelland, Maier & Neustadt, and last year I had the pleasure of working with Bob Japenga on a high profile patent infringement case involving Toshiba Corporation and Lexar Media. I asked Bob to analyze the firmware for several NAND flash memory products and posed to him several technical questions that I expected him to answer in a written report. Although the deadline was tight, Bob worked hard to provide our trial team with his report in a conscientious and timely fashion.

I can confidently recommend Bob as a consultant/expert in the fields of software and embedded systems.

Very truly yours,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
